

## [Terms of service]

### Chapter 1: General Provisions

#### Article 1 Purpose

These terms and conditions apply to ' FingeRate ', ' SoT ' related services operated by GG56 (hereinafter ' Company '), The purpose is to regulate all matters related to the use and provision of products, websites and apps.

#### Article 2 Definition of Terms

- ① The definitions of terms used in these terms and conditions are as follows.

"Service" means all services provided by the company that can be used by "users" through the implemented PC or mobile device.

"User" means It refers to members and non-members who receive services provided by ' FingeRate ' and ' SoT ' related services, products, websites and apps operated by the company.

"Member" means It refers to a person who has registered as a member by providing personal information to the company, and who uses the services provided by ' FingeRate ' and ' SoT ' related services, products, websites and apps operated by the company.

"Mobile device" means a device that can be used by downloading or installing content, such as a mobile phone, smartphone, personal digital assistant (PDA), tablet, etc.

"Account information" means all information provided by a member to the company, such as basic information, external account information, and device information provided by the member for the use of the "service".

"Application" means any program downloaded or installed through a mobile device to use the services provided by the company.

- ② Definitions of terms used in these Terms and Conditions shall be governed by the relevant laws and regulations and policies for each service, except for those set forth in Paragraph 1 of this Article.
- ③ Agreeing to these Terms and Conditions will also imply that you agree with the Respect Level policy and SoM policy of the company, found in the official website of company (<https://www.fingerate.world/>).

You agree to these Terms by clicking Accept Terms, executing any document referencing these Terms, or using the Services.

### Article 3 Effect of Terms and Conditions and Changes

- ① The Terms and Conditions take effect by notifying users as stated in Chapter 2, Article 3.
- ② The company may amend these terms and conditions to the extent that it does not violate related laws, such as the Act on the Regulation of Terms and Conditions, the Act on Promotion of Information and Communications Network Utilization and Information Protection, etc.
- ③ When the company revises the terms and conditions, the date of application, the contents of the revision, the reason for the revision, etc. shall be specified, and at least 7 days prior to the effective date, the company will notify the user by posting it in the "service" or on the connection screen. However, if the changed content is unfavorable to the member or is a significant change, it shall be notified in the same way as in the main text up to 30 days before the effective date, and the member's e-mail address, electronic memo, in-service note, text message (LMS/SMS) to notify members. In this case, the contents before and after the revision are clearly compared and displayed in an easy-to-understand manner for members.
- ④ If the company revises the terms and conditions, the member's consent to the application of the revised terms is checked after the notice of the revised terms and conditions. In the event of a notice or notice in Paragraph 3, the company will also notify or notify that if the member does not express his/her intention to agree or reject the revised terms and conditions, it will be deemed to have been agreed. If you do not mark it, you are deemed to have agreed to the revised terms and conditions. If the member does not agree to the revised terms, the company or the member may terminate the service use contract.

### Article 4 Rules other than the terms and conditions

Regarding matters and interpretations not specified in these terms and conditions, the Act on the Regulation of Terms and Conditions: In accordance with relevant laws and customs such as the Act on Promotion of Information and Communications Network Utilization and Information Protection, etc.
